FACSIMILE TRANSMISSION

FAX TO: Chris Canney; Sherborn Building Dept.
FAX Nos.: 508-651-7854
FROM: Victor A. Popp, PE
DATE: October 9, 2018
NUMBER OF PAGES (Including this one): 2
SUBJECT: Barn at 6 Nason Hill Lane Affidavit

Dear Mr. Canney,

It is my understanding that you are conducting a final inspection of the framing for the Horse Barn and Apartment unit at the Subject address today, and that as part of this, you have requested we stamp a set of "as-built" drawings. The contractor has produced a set of as built, which are dated June 2, 2018, and which are being provided to your department.

The structural aspects of these as built drawings, as well as the originally submitted built drawings were reviewed in detail to ensure they met the Massachusetts Building Code (8th edition) and the 2009 IBC. We also did a site inspection of the as built conditions of the site on September 19, 2018.

Please review the attached affidavit from us regarding the subject project as part of the process for issuing a Certificate of Occupancy for the Subject Barn.

We will send along a hard copy original for your file, as well.

Please feel free to call me with any questions you may have. My cell phone is best at: 781-264-7769.

Regards,

Victor A. Popp, PE
