Dear Thomas:

In accordance with N 8900.15 this is an application for Letter of Deviation Authority for Flight Training as Permitted by Part 91, Section 91.319(h) (LODA).

Applicant	Michael Newman, 401 Sandy Valley Rd., Westwood, MA 02090
Responsible Person	Michael Newman
Details of training	FITS approved LOBO training courses (attached)
Aircraft	Lancair IV-P N776CM based at KOWD
Instructor Qualifications	Only Michael Newman CFIG, CFII, CFIA, Commercial, Instrument, SEL, Glider
Materials and Syllabus	FITS approved LOBO courses

The LODA is requested for training performed by Michael Newman in N776CM. Seven types of training are mentioned in N 8900.15. Approval for types 1, 2, 4, 5, and 6 is requested. Types 3 and 7 are not requested. The types of training are:

- (1) Experimental aircraft specific make and model initial training.
- (2) Experimental aircraft specific make and model recurrent training.
- (3) Not requested (Jet upset training)
- (4) Aircraft specific instrument competency training.
- (5) Experimental aircraft specific make and model flight review training.
- (6) Experimental aircraft specific make and model formation training
- (7) Not Requested (other training)

Sincerely,

Michael Newman
